

POLICY 500 / COUGAR FIELD REMOVABLE SOCCER GOALS – 30-DAY COMMENT PERIOD

In accordance with Policy 500, this 30-day comment period is for the resident proposed installation of two **removable** soccer goals in Cougar Field. This is an amended project proposal to the previously proposed permanent soccer goals in Cougar Field. The comment period is to allow members of the Association time to comment on the proposal, voicing support and/or concerns regarding this capital improvement. The comment period for the Cougar Field Soccer Goals opens today Tuesday, 4/12/22 and ends Wednesday 5/11/22. During this 30-day time period, please email your comments regarding the installation of soccer goals to hsta@hiddensprings.com.

If you previously submitted and your comments and/or concerns have not changed, you do not need to resubmit. Comments are not “votes” they are to indicate if you are in support of the project or if you are not.

Following the 30-day comment period, the project advocate will meet with the Open Space Committee 6/7/2022 and also share the proposed project with the community at an upcoming Quarterly Informational Meeting (TBD July) to address community questions and concerns. Following the Informational Meeting the project advocate will meet with the Hidden Springs Town Council.

COUGAR FIELD REMOVABLE SOCCER GOALS

- Goals will be full size regulation (8'x24') constructed from 4" steel pipe and powder coated white.
- Goals will be sleeved into the ground so they can be easily installed and removed as needed.
- Proposal is to have the goals installed during the outdoor sports season extending from spring through summer into fall.
- For wildlife safety and maintenance purposes, the Association would not be providing and or allowing nets to be installed permanently on the goals. Users would need to provide their own nets and remove them after use. Goals can also be used without nets.
- Cougar Field use and rules will remain the same, allowing any and all current activities to continue to take place.
- Signage would be added at the entrance to Cougar Field notifying users that the field is for Hidden Springs Town Association residents and commercial use is prohibited. Use of the field is first come first served and nets must be removed.
- Cost of construction and powder coating to the HOA would be \$6,200 with installation expenses and labor donated by the project advocate.
