Re: ISRB Protection Class Change for Hidden Springs, Neville Ranch/Cartwright Ranch and the Dry Creek Valley – Boise Idaho 83714

To Whom It May Concern:

The ISRB protection class for the above named areas is changing due to the recent implementation of a contract for service with the Eagle Fire District. This contract for service provided funding for full-time staffing of Eagle Fire Station 5, and the above named areas are all within the response area of this station. The station officially opened on June 15, 2022. Please see the information below for ISRB rating parameters.

From Scott Buck, Eagle Fire, Deputy Chief and Fire Marshal

- The evaluation for the Hidden Springs Fire Station has been completed. Below is the break out for the classification for insurance purposes.
- Homes and Businesses with a fire hydrant located within 1,000 feet of the fire hydrant and within 5 miles from the Hidden Springs/ Eagle Station 5 Fire Station will be a class 3 protection class.
- Homes and Businesses with a fire hydrant located within 1,000 of the fire hydrant and 5-7 miles from the Hidden Springs / Eagle Station 5 Fire Station will be a Class 3W protection class.
- Homes with no hydrant located within 1,000 feet and within 5 miles of the Hidden Springs / Eagle Station 5 will be a Class 8 protection class.
- Businesses with no hydrant located within 1,000 feet and within 5 miles of the Hidden Springs / Eagle Station 5 will be a Class 9 protection class.
- Homes and Businesses with no hydrant located within 1,000 feet and between 5 to 10 of the Hidden Springs / Eagle Station 5 will be a Class 9 protection class
- Anything over 10 miles to a fire station will be a Class 10 fire protection class.
- The Idaho Survey and Rating Bureau has an effective date of October 1, 2022.
